

ALICIA KOPLOWITZ FOUNDATION

CALL FOR APPLICATIONS FOR FELLOWSHIPS FOR 6 TO 12-MONTH PLACEMENTS ABROAD FOR PSYCHIATRISTS (MIR) OR CLINICAL PSYCHOLOGISTS (PIR)

TERMS AND CONDITIONS - 2026 CALL

The Alicia Koplowitz Foundation announces the call for applications of **2 (two) Fellowships** for placements of between 6 and 12 months, depending on the type of modality. Successful candidates may join the Association of Child and Adolescent Mental Health Scientists-Alicia Koplowitz Foundation (<http://www.asociaciondecientificos-fundak.org>) as full members upon request to the organisation's board of directors.

Aims

There is a double modality:

1. FELLOWSHIPS FOR SUPER-SPECIALISATION IN SPECIFIC DISEASES

The aim is to facilitate access to training of excellence for MIRs in Psychiatry or PIRs in Psychology, who can demonstrate an outstanding track record.

They are aimed at psychiatrists and clinical psychologists who have completed their residency (MIR or PIR) within the last 3 years.

They will be professionals who wish to extend their training in a specific pathology, such as psychosis, affective disorders, ADD, OCD, ADHD, etc. in a foreign centre.

The duration of the Fellowships is for 6 to 12 months.

The applicant must propose the destination centre and a programme drawn up by this centre, which the applicant must complete. After the end of the Fellowship, it will be compulsory to join a Spanish centre as part of the Fellowship programme, without this return being remunerated by the Foundation.

2. TRAINING FELLOWSHIPS IN CENTRES OF EXCELLENCE

The aim is to offer the possibility of establishing partnerships with outstanding services abroad.

They are aimed at senior professionals with extensive experience in psychiatry or child and adolescent psychology who wish to train, collaborate or further their studies and/or research in specific pathologies such as ADD, OCD, bipolar disorder, trauma, ADHD, etc., at leading centres abroad.

The duration of these Fellowships will be 6-12 months, depending on the project presented by the applicant.

The Centres can be freely chosen by the applicants.

In both modalities, applicants must submit **a Scientific Report of no** more than 2 pages, on the activity they wish to carry out and the justification for the choice of the destination centre.

They must also submit the original signed and stamped **Letter of Acceptance** from the receiving centre for the project presented and **the programme offered by the destination centre**, in relation to the application report.

The fellowships must begin in 2026.

Fellows must **expressly mention the Alicia Koplowitz Foundation as the financial backer** in any articles they publish and papers they present at congresses on the scientific results of the placement and must send the Foundation a copy of the work or paper to the foundation's registered address.

Provision

The Fellowship will have a financial provision of **€4,000 per month**. The withholdings established under Spanish tax regulations or the equivalent abroad will be deducted from the total amount.

Fellows must cover the costs of transport, accommodation, medical insurance and upkeep during the fellowship from this provision.

The financial allowance will be paid as follows: 30% at the start of the Fellowship and 60% thereafter on a pro-rata monthly basis into the bank account designated by the Fellow until the end of the fellowship. The remaining 10% will be paid after the end of the Fellowship, upon presentation of the Placement Certificate and the Final Report from the receiving Centre, as well as the Final Report on the content of the placement and the activities carried out, documents that must be approved by the Foundation's Scientific Coordinator.
